CLINICAL SERVICES RESPONSIBILITIES

My clinical responsibilities are divided into two main areas:

Weekly Clinical Practice of Psychiatry

	Monday	Tuesday	Wednesday	Thursday	Friday
Mornings					
Afternoons					

List each clinical area and write a descriptive paragraph for each:

Private Practice (% time): I do not currently maintain a private practice.

Area (<5% time): I am clinical staff at Ben Taub Mental Health Service inpatient unit in Houston, TX. My responsibilities include evaluation, rounding and teaching for a 20-bed inpatient unit. Psychiatry residents, medical students and nursing students (from UT Health) are assigned to the team.

Area (<5% time): I am also clinical staff within the Ben Taub Psychiatric Emergency Center where the responsibilities include emergency evaluations and teaching. As with the inpatient unit, psychiatry residents, medical students and nursing students (from UT Health) are assigned to the team.

DESCRIPTION OF PUBLICATIONS

Starting fiscal year 2014, the P&T committee added a requirement to this section: Please include and introductory paragraph and conclusion

As an educator, the one publication that has made the most robust impact is the book Core Competencies for Psychiatric Education: Defining, Teaching and Assessing Resident Competence co-authored with Linda B. Andrews, MD. This book has been employed widely to respond to the ACGME expectation of core competencies in psychiatry education, including within the UT Southwestern Department of Psychiatry. Additionally, it was translated into Japanese in 2005.
