

## **LSU Psychiatry, Baton Rouge**

Our training takes place in Baton Rouge-- the state capital and home of the LSU Fighting Tigers-- with a population in the metropolitan area of 750,000. We emphasize education and foster a supportive, family atmosphere. The program aspires to meet the individual needs of each resident. Our residents participate in hospital based and community experiences. We believe that psychotherapy is a fundamental part of training and place emphasis on it within our curriculum.
