

Kaiser Permanente San Jose Psychiatry Residency

KP San Jose Medical Center is in the heart of Silicon Valley. Residents will be exposed to diverse socioeconomic and cultural populations who provide a rich educational and clinical experience. Our exceptional faculty is committed to developing residents at each level of training as they progress from focused-supervised beginners to autonomous and skilled psychiatrists and colleagues. Training within the Kaiser Permanente healthcare system will provide residents the tools and expertise to be in the future of mental health care, research, and advocacy.
