

AADPRT 2026 ANNUAL MEETING PLANNING TOOL

The Goal of this Tool:

As members of the Membership Committee, we welcome you to AADPRT! We look forward to getting to know you at the meeting and introducing you to our organization! We have created this tool to help you prepare for meeting registration. “Meeting at a Glance,” available on the [website](#), is the complete schedule. This tool highlights events that may be most relevant to those new to AADPRT, new to the Annual Meeting, new to training director (TD) and assistant/associate training director (ATD) roles, and those in Program Administrator/Coordinator (PA) roles.

How to Use this Tool:

We recommend you review this document **before** starting the registration process because when you register, you will be selecting the programming you wish to attend. You will not be able to change your schedule after you submit your registration form.
